

# MANUFACTURING FACILITY

**DUTCHLAND  
PLASTICS**

**OOSTBURG, WI**

The addition to Dutchland Plastics' facility accommodates additional space requirements for manufacturing and warehousing. The addition also facilitates a consolidation of all operations into one building.

The building incorporates precast concrete wall panels and metal wall panels which match the original building. The addition was planned to accommodate additional future expansion.

**Project Stats:**

- Plastics manufacturing facility addition
- 90,082 square feet
- \$2.2 Million
- Completed October 2007
