

# CONCESSIONS BUILDING

**WATERFORD UHS  
CONCESSIONS  
BUILDING**

WATERFORD, WI

The new concessions building at Waterford Union High School is located to serve the existing athletic fields with space for preparing and selling concessions, as well as housing public toilet rooms, and storage. Also provided in the building are team rooms to accommodate both home and visiting teams for half time meetings, avoiding the long walk back to the high school locker rooms.

The building is constructed of decorative concrete masonry in colors to compliment the adjacent high school. A large covered seating area provides shelter for fans to relax.

Donations of materials and labor by many local groups made this project a true community effort.

**Project Stats:**

- New concessions building on the Waterford Union High School site
- 3,461 square feet
- Cost information unknown due to volunteer work and donated materials
- Completed 2006
